Change color to peach

Rnd 6. dec, 6sc, dec (8)

Change color to white

Rnd 7. 8sc

Cut the thread. Close the round invisible and use the thread later for sewing.

Completion

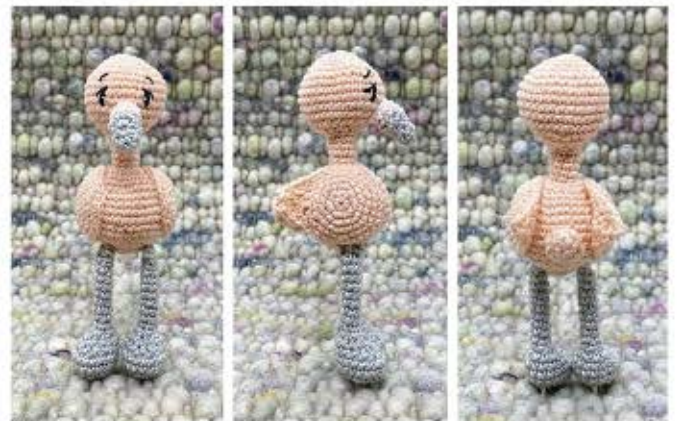

• Sew wings to the body. The tip stitch to the back. Place them sideways 1st above the legs. Just sew the front part. The wings do have a visible

distance of about 10 stitches from each other (seen from the belly).

• Sew the tail to the body between the wings on the back, above round 26-28. Stuff it lightly when sewing. Depending on the direction of the row part of the tail, the tail is facing up or down (my rows facing downwards).

• Sew the beak to the center of the head over rounds 11-12. The threads from the color change will suffice for stuffing. The increase from round 5 is on top.

• Embroider the eyes to the right and left of the beak, 1 stitch apart of it, over rounds, 10-11. Feel free to embroider them as you like them best.

Congratulations, that is all. 😊
