Assembling

Sew the head to the body. Add some fiberfill to the neck while sewing. Sew the arms on round 20 of the body. Sew the legs on round 21. Put the face on the head below round 9 of the head. Fix pins around it to mark the border of the face. Take the face away.

Sew on the ears on round 12 of the head. Prepare yarn cuts of white mohair (length is approximately 8 cm). Attach these cuts around the face like it is shown in the picture below. Take off pins. Sew on the face hiding the places of attaching. Sew on the muzzle. Cut the mohair yarn to make it shorter.

Sew the tail in the center of the back approximately on round 6 of the body. Embroider the nose and mouth.

Sew on the eyes between rounds 4 and 5 of the face. To make the process of sewing easier you may enlarge the holes where the eyes are sewn with the help of tapestry needle or reverse hook end.

Embroider the whites of the eyes and eyebrows.
