25. 6dec (6)

pull the hole with a needle, leave the thread for sewing to the base. We outline the points along which we will embroider the mouth:

The central one (the very bottom of the mouth) is located between the 13th and 14th rows;

From it, 1 row higher (between 12 and 13 rows) are the middle points between them, the distance is 6 columns;

And the top ones 1 row higher (between 11 and 12 rows) are the corners of the mouth between them, the distance is 10 loops.

We attach a piece of white yarn to the part from green yarn and crochet 18sc (capturing ONE! side of the part from white yarn, see photo)

Sew on the eyes.

Wooden side.

We collect a chain of 25 ch, from the second loop from the hook we begin to crochet 24 sc, ch;
We turn crocheting and crochet 24 sc, ch again;
And so we continue crocheting until we get 7 rows.

We leave the thread, about 25 cm for stitching the base.

We sew a wooden ring.

Sew on the head of the frog.

Bowtie

We collect 3ch into the amigurumi ring, then we crochet 5 tr into the ring. Again we dial 3 ch, and we crochet slst in the ring. One half of the bow is ready.

The second part of the bow is crocheted in a mirror, i.e immediately after slst we make 3 ch, we make 5 tr, 3 ch, slst into the ring. Fasten the thread. Pull off the ring.

Wrap the middle of the bow with the remaining thread and secure.

The bow is ready! It remains to dress up the Frog.
