Fasten off and close up the small hole. Weave the yarn into the head. Give the desired shape by kneading lightly all over the place as well as by modifying the angle of its muzzle (press rather strongly above its small nose, to give it a slightly upturned shape).

Assembly

Feel free to use a few pins to help with positioning

- Sew the arms between round 32 and 33 of the body
- Sew the small collar at the neck, make sure to secure the assembly by passing several times if necessary in a few stitches.
- Sew the ears between rounds 21 and 22 of the head.
- Sew the antlers between rounds 21 and 22 of the head, between the ears.

Face embroidery

- Embroider thin little lines above muzzle. Take your beige yarn
- Embroider two small black lines on each side of the face
- Now all we have to do is sew the little head of our pretty deer. To do this, position it with a few pins and sew together some stitches of the body (and the collar assembled) with the stitches of the underside of the head.
